

## Science National Honor Society Oakleaf High School

Thank you for your interest in the Science National Honor Society! In order to join this club, you need an overall weighted GPA of 3.0 or higher. You must also have taken or are currently taking at least 3 science classes (one honors level or higher) and have a 3.5 weighted GPA in just your science classes.

To get started, please fill in the requested information and list all science classes you have taken since the beginning of your freshman year of high school in the table provided. Be sure to include all current science classes as well. Return this form to Mr. Webber in Room 248.

The fee to be a member is \$40. This amount covers the annual dues owed to the National Board, the SNHS cord to be worn at graduation, T-shirt, pin, and SNHS Certificate. This may be paid using My School Bucks through your account on the Oakleaf High School website. Please do not pay this fee until you have received an acceptance email. Notification of payment will be sent directly to the sponsor, so you do not need to print out a hard-copy receipt to turn in.
